

Our property adopts the following measures against Covid-19 infection:

- **Cleaning and disinfection** in guest rooms and common areas.
- **Staff equipped** with disposable **gloves and masks** and subjected to checks by measuring body temperature before going on duty.
- **Training courses** performed by the staff on health and hygiene.
- **Scheduled checks** for the maintenance and cleaning of air conditioning systems.
- **Hand sanitizers** available in common areas.
- **Body temperature measurement** at check-in using a digital thermometer.
- **Safety distance** in common areas.

We organized ourselves like this, for everyone's peace of mind: the apartments are sanitized after each check-out and before check-in it will be sanitized and disinfected with a sanitizing system for 100% natural and 100% ecological environments, to ensure maximum safety.

We promise we will do our best, but we need you too.
